Education

PDA College of Engineering Kalburgi.
Degree in Bachelor of Engineering (BE)

Kalaburagi, Karnataka
Dec 2021 - June 2025

Shahu Maharaj pu College Bidar
Degree in Science

Bidar, Karnataka
2019 - 2021

Experience

Trainee | Full Stack Java Development

@Jspider Rajajinagar | July 2025 - December 2025

Completed intensive training at Jspiders in Java Full Stack Development. The program focused on building a comprehensive skill set across both front-end and back-end technologies.

Intern | Python

@Five Seven Solutions PVT Ltd, Kalburgi | July 2024 - August 2024

learned python libraries and created a python project combining a QR code generator and simple Voice Assistant. Implemented QR code creation and scanning using Python libraries, and built a voice assistant that responds to user commands with speech recognition and text-to-speech. demonstrated skills in Python programming, automation, and real-time interaction.

Skills

Programming Languages:	Core Java, OOP, JDBC
Libraries/Frameworks:	HTML, CSS, JavaScript, Servlet, Spring, React.js
Databases:	SQL

Projects

ChatGPT using ESP32

Developed a Voice-to-Voice Assistant using ESP32 and ChatGPT. Integrated speech recognition with cloud-based AI for real-time responses. Design and programmed ESP32 in Arduino IDE, enabling interactive IOT applications

E-Commerce Application | Spring Boot

Develop an E-commerce backend application using spring Boot and REST APIs with JWT-based authentication for secure user login. Implemented product, user, cart, and order management with CRUD operations. Used spring Security, Spring Data JPA, and Hibernate for API Security and database interaction, and tested all endpoints using postman.

Certifications

Google Cloud Computing Foundation - NPTEL

Java Training - **Besant Technology**

Soft Skills - **Wadhvani foundation**

IOT - **Global Certificate from Center of Excellence**

Soft Skills - **TCS iON**

Artificial Intelligence - **Honeywell , implemented by ICT Academy**
